Bakersfield, CA 93388Subject: Injectivity Test
Olcese Formation
"New Hope" 1
Sec. 29, T 27S, R 27E

Dear Mr. Webb,

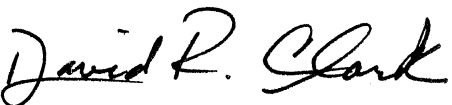

The Division is in receipt of your letter dated July 15, 1985 requesting evaluation of the Olcese Zone for the purpose of oilfield produced brine disposal.

Temporary approval to conduct a six month injectivity test is hereby granted.

Data shall be maintained indicating the number of days, volume, and source of fluid injected, as well as pressure of injection. The data shall be submitted to this office on a monthly basis for the duration of the test.

If you have any questions concerning this, please contact this office.

Yours truly,

A. G. Hluza,
Deputy Supervisorby David R. Clark,
Associate Oil and Gas EngineerDC:dp
